

# Soloing School Lead Bonus Video Content

## The 4 Note Soloing Challenge Video Lesson

This lesson is an extract taken from my brand new book Soloing School: Beginner Lead Guitar Method. Make sure you watch the YouTube video before playing the following examples. The A Minor backing track below will provide a fun way to practice the 4 note soloing method.

The principal behind this challenge is simple: Pick a scale shape you know well, and restrict yourself to playing *only* four notes from that scale.

### Example 1 - A Minor Pentatonic Notes

Here is the A Minor Pentatonic shape in full.

A Minor Pentatonic

Example one gives you the notes within the A Minor Pentatonic scale (A C D E G) to create your solo from. The notes you are allowed to use for this solo are the 5th and 7th frets of the 'D' and 'G' strings.

## A Minor Pentatonic

At first, the possibilities seem incredibly limited when dealing with just these four notes, but by applying bends, hammer-ons, pull-offs, slides and vibrato, the number of melodic options are vast.

## Example 2 - Full Solo

Learn and study the solo I have created here before attempting to create your own solo using this four-note system. Steal as many licks as you can from this solo, and from all the earlier chapters based around the A Minor Pentatonic scale too.

Two musical examples of guitar solos. Each example consists of a treble clef staff with a 4/4 time signature, a guitar staff with fret numbers, and a diagram of the fretboard. The first example shows a sequence of notes with a 'full' bend on the 7th fret. The second example shows a similar sequence with a 'full' bend on the 7th fret and a vibrato effect on the 5th fret.

Musical notation system 1: Treble clef staff with notes and rests. Below it, a guitar TAB staff with fret numbers: 7 7 5 7 7 (7) 7 7 5 7 5 7 5. An arrow labeled "full" points to the (7) fret.

Musical notation system 2: Treble clef staff with notes and rests. Below it, a guitar TAB staff with fret numbers: (5) 7 7 5 7 7 (7) 5 7. An arrow labeled "full" points to the (7) fret. A wavy line is present above the staff.

Musical notation system 3: Treble clef staff with notes and rests. Below it, a guitar TAB staff with fret numbers: 5 7 5 7 5 7 5 7 7 5 7 7 5.

Musical notation system 4: Treble clef staff with notes and rests. Below it, a guitar TAB staff with fret numbers: 5 7 5 7 5 7 5 7 7 5 5. An arrow labeled "full" points to the 7 fret. A wavy line is present above the staff.

Musical notation system 5: Treble clef staff with notes and rests. Below it, a guitar TAB staff with fret numbers: 5 7 5 7 5 7 7 5 7 7 5.

Musical notation system 6: Treble clef staff with notes and rests. Below it, a guitar TAB staff with fret numbers: 5 7 5 7 7 5 7. Two arrows labeled "full" point to the 7 fret.

The image displays five systems of musical notation for guitar. Each system includes a treble clef staff and a TAB staff. The first four systems show rhythmic patterns of chords and single notes with fret numbers (5, 7) and slurs. The fifth system shows a long note with a tremolo effect and a final chord.

## Example 3 - How To Apply This Technique

Once you have completed example 16a and feel comfortable creating your own solos using the four notes, you can apply this same strategy to *any* four notes from *any* scale shape.

For starters create a solo over backing track one using just these four notes from the highest part of the A Minor Pentatonic scale.

## A Minor Pentatonic

After you have completed the four note challenges with the A Minor Pentatonic scale, apply this idea to any other scale shapes you already know.

If you have created your own solo using this four-note soloing strategy, record a video of yourself playing and post it as a comment underneath the YouTube video featured at the start of this chapter.
